COP

Dear PAARA Members,

On behalf of the Northern California Contest Club, I would like to thank you for your sponsorship of a plaque for the 1988 California QSO Party.

The award you sponsored, to the top Club in California, was won by the Redwood Empire DX Association with a total score of 105,474 points. Those who submitted their scores on behalf of the Redwood Empire Club were among the 364 stations who sent in logs for the Party, making the 1988 California QSO Party the most successful one ever.

We appreciate PAARA's help in maintaining the Cal QSO Party as the premier state QSO party on the calendar.

73,

TNX TO FRED K6YT FOR THE INFO
ON THE CAL QSO PARTY FOR THIS ISSUE! -ED.

Gary Caldwell WA6VEF
1989 NCCC COP Co-Chairperson

1989 California QSO Party
Sponsored by the Northern California Contest Club

BEGINS: 1600 UTC October 7, 1989 ENDS: 2200 UTC October 8, 1989

Single operator entries may operate only 24 hours; off times must be clearly marked in the log and must be at least 15 minutes long.

Multi operator entries may operate the full 30 hours.

Stations may be worked once on CW and Phone on each band.

All contacts must be simplex; no MCW.

Single op and multi-single entries are allowed only one transmitted signal.

All CW contacts must be made in the CW sub-band, except for 160 meters.

California stations that change counties are considered to be new stations and may be contacted again for point and multiplier credit. CA stations operating from a county line may be counted only as one QSO.

OBJECT: Stations outside of California work as many California stations in as many CA counties as possible; stations in California work anyone.

EXCHANGE: California stations send QSO number and county; stations outside of California send QSO number and state/province/country.

QSO POINTS: Each complete phone contact is worth 2 QSO points. Each complete CW contact is worth 3 QSO points.

MULTIPLIERS: California stations use states and VO/VE1-7 and VY1/VE8 for a possible total of 58. Out-of-state stations use the number of different California counties for a possible total of 58. CA stations on a county line may be claimed as a multiplier for any or all of the counties they give in their exchange.

TOTAL SCORE: The total score is the number of QSO points multiplied by the total number of multipliers.

FREQUENCIES: 160 through 2 Meters excluding all WARC bands. CW on 1805 and 40 KHz up from the band edge. Phone on 1815, 3850, 7230, 14250, 21300, and 28450. Novices 10 KHz up from the band edge and 28450.

Try CW on the half hour.

Try 147.54 MHz at 2000, 0000, and 0400Z.

Try 160 meters at 0500Z; 80/75 meters at 0300 and 0700Z.

DEADLINE FOR SCORE SUBMISSION: All logs and summary sheets must be sent to NCCC c/o Gary Caldwell, WA6VEF, POB 8014-56, Blaine, WA 98230 by November 15, 1989. Please include a business size SASE for results. Entries of more than 200 QSOs must include duplicate sheets.

For a CQP paperwork packet containing log and summary sheets, county abbreviations, and contest records, send a business size SASE to the above address.

AWARDS: Certificates to the highest scoring single operator entry in each CA county, each state/province, and each country, and each station that scores 100 or more QSOs.

Trophies to the top three out-of-state single ops; the top three California single ops; the top multi-single and multi-multi in California; and the high scoring single-op and multi-op California county DXpeditions.

Special CQP Wine Award--The top 20 single operators in California, along with the top 20 single ops out of state, will receive a personalized bottle of Northern California Contest Club Private Reserve California wine. Wine winners who are under legal drinking age will receive a non-alcoholic personalized award.

Special Trophies--Chairman's Award to the CA single op who makes the most CW QSOs. Other trophies to the mobile single-op or team with the most total QSOs; the high scoring low power entry (200 watts or less) in CA and out of state; the top Novice/Technician entry in CA and out of state; the out of state single op with the most CW QSOs; and the top club in California (5 entries minimum--Northern and Southern Cal Contest Clubs are ineligible).
