PROGRAM

September 5, 2003 7:30 P.M

Speaker:
Alan Bowker WA6DNR

“AO-40 ORBITING EARTH TO SERVE YOU!”

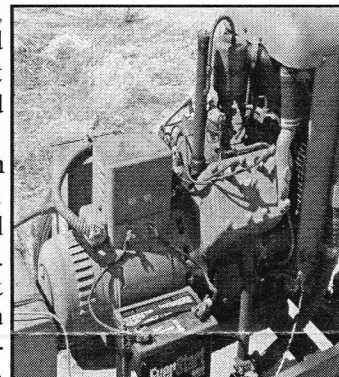

Join us for pre-meeting eyeball
at Su Hong Restaurant , 1039 El Camino Real, Menlo Park
Food will be served at 6:00 sharp, so guests will be on time for the PAARA meeting. Those arriving late will be responsible for their own order and bill.

—PAARA Radio NET every Monday evening at 8:30 P.M., local time—
on the 145.230 -600 MHz repeater, PL tone off

The Old PAARA Generator.

On Sunday, June 15/03, the old, non-functioning generator located in the PAARA field day trailer was removed by **Gerry Tucker, N6NV**, his extremely talented brother **Rich; Scott Overstreet, N6NXI** and **Terry Finn, AF6TF**.

The generator is known as a PE 75, equipped with a Leland 2500 alternator, and it runs at about 1800 RPM. The engine is a Briggs & Stratton gas type that has a

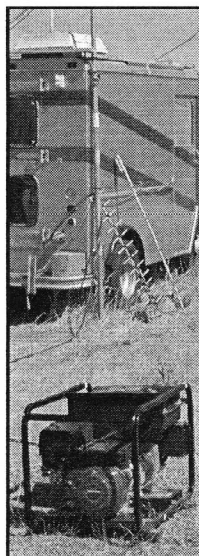

propensity to gobble fuel like crazy.

As you may recall, PAARA purchased a new Honda 1000 watt generator in May in preparation for field day. **Doug Teter, KG6LWE**, was assigned the responsibility to operate and supervise all of the active generators during the field day exercise. Many of the members had the opportunity to view Doug in action.

Scott, N6NXI, took possession of the old generator and will overhaul it and make it work just like the one he owns now, which is the same type. Thank you **Scott** for assisting PAARA once again.

~ Terry Finn. AF6TF.

AO-40 ORBITING EARTH TO SERVE YOU!

Alan Bowker WA6DNR and the Project OSCAR Group will show us the UPS and DOWNS of AO-40 COMMUNICATION. Discussion topics include: What antennas, equipment and software is a minimum requirement to contact AO-40. How to interpret the orbit. The different modes available on AO-40.

Unfortunately AO-40 will not be available for a pass during the presentation, but Alan will play sounds of the beacon and show us the decoded data.

~Jim, K6AK

Miscellaneous

ELECTRONIC FLEA MARKET @ Foothill College

Second Saturday of month, March -October, 6 AM-2PM
 Perham Foundation Sponsorship has discontinued.
 The Flea Market will continue under a new sponsor.

PAARA Palo Alto Amateur Radio Association
 meets 1st Friday 7:30 each month, Net 145.230 each Monday 8:30,
 contact: Andreas Junge N6NU.....(650) 233 0843

FARS Foothills Amateur Radio Society
 meets 4th Friday 7:30 each month,
 contact: <http://www.fars.k6ya.org>.

NCDXC Northern California DX Club
 meets 2nd Friday 7:30 each month,
 repeater for member info 147.360, Thur 8:00PM,
 contact: Mike Gavin W6WZ, (650) 851 8699.

NorCalQRP Northern California QRP Club
 meets 1st Sunday each month,
 contact: Jim Cates 3241 Eastwood Rd., Sacramento, CA 95821.

SPECS Southern Peninsula Emergency Communication System
 meets each Monday 8:00PM on Net 145.27, 440.80 MHz, www.specsnet.org
 contact: Tom Cascone, KF6LWZ, 650-688-0441 specs@svpal.org

SCARES South County Amateur Radio Emergency Service
 meets 3rd Thursday 7:30 each month, San Carlos City Hall.
 Net is on 146.445 [PL 114.8] & 444.50 (PL-100) 7:30 Monday evenings.
 contact:

PAARA HONORS

RON PANTON. W6VG.

by Terry Finn AF6TF

How many radio shacks have you been in that are also equipped with a concert grand piano and a complete music arranging and recording studio? None, I thought so. Because it was the first ham shack that I have ever visited that was so equipped. Needless to say, I was rather impressed when I had the opportunity recently to visit with our PAARA member, **Ron Panton, W6VG** and his very gracious wife, **Helga**, at their estate in Menlo Park (many times location of PAARA Picnic).

The first indication that I had that this was a unique home was when my GPS unit in my car could not specifically pin point the actual address that I had for Ron. I ultimately located his house based on observing the two towers located in different positions in the large rear area of their huge property. Upon closer inspection I was able to identify a dipole, two-meter antenna and a TH-6 beam.

As you may recall, **Ron, W6VG** was recently awarded the life member status at a PAARA meeting and was presented with that special designation by **Gerry Tucker, N6NV**. Ron is a really interesting guy and we enjoyed a lengthy visit in his back porch area where he was able to keep cool and talk about some of his life's adventures.

Ron Panton, W6VG, was born in Novato, CA, on February 8, 1915.

That makes him 88 years old. He has been a ham for 74 years!! Ron had two sisters and one brother, all younger than himself. His father was a carpenter and homebuilder who ultimately moved the family from Novato to Alameda in 1929. Ron attended and graduated from the Alameda High School in 1932. However, he was able to take music lessons during his teenage years and became proficient on the trumpet and piano. His trumpet teacher was **W6EEQ (SK)** who was able to interest Ron in electronics, radio communication and joining the CA National Guard while he was still in High School.

Ron attended the Central Trade School while he was still in high school and qualified for his commercial telegraph license and his first amateur radio license which was issued in 1929 as **W6CBE**. Ron really wanted to go to sea as a radio operator because it offered adventure and paid fairly well, however his mother would have nothing to do with that idea. In those days, the "Alaska Packers" were vessels that sailed from Alameda to Alaska in the summer time to provide supplies to that part of the World.

Those ships were partial power and partial sail vessels and were manned by all sorts of characters of ill repute.

As a result, Ron used his extensive musical talent and skills to become a professional musician in the big band orchestras of the time. One must remember that the San Francisco area was considered a huge west coast port and as such had all sorts of entertainment available for the masses. Ron played the trumpet and was an experienced orchestrator who arranged

the music that was played by the big band or orchestra at a particular location. Ron became a regular with the "Freddy Nagel Orchestra", a big band with 12 or 14 musicians. They played in the upper crust entertainment places like the Saint Francis Hotel in San Francisco. They later moved to the well-known "Del Monte Hotel" in Monterey. Ron can remember arranging a song called "There ain't going to be no war", and having the band play it on the day that the Germans invaded Poland in 1939. He still feels embarrassed about that incident. Ron was making \$35. Per week with full room and board and that was considered pretty good money in those days. The orchestra later moved to Salt Lake City and Ron was surprised when his girlfriend from Monterey followed him!! He married Jean Hollingsworth in Salt Lake City and they had a son by the name of Mitchell Panton who is now a successful Podiatrist in Folsom, CA.

When the "Freddy Nagel Orchestra" decided to move to Chicago, Ron & Jean moved back to the bay area and lived near her father's home in

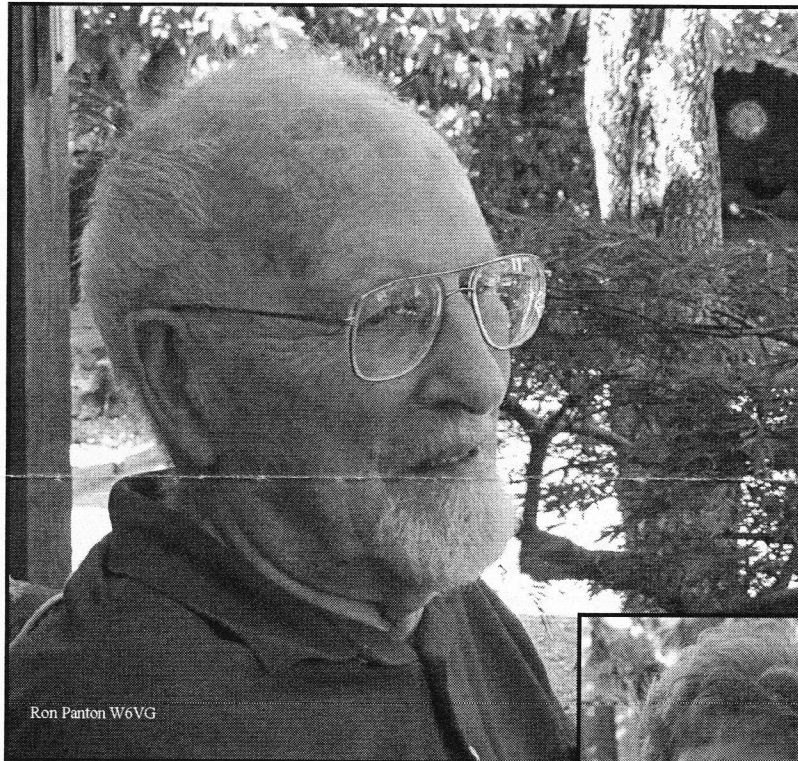

Monterey. He was a Dentist and allowed them to live above his office. About the same time, **W6BB (SK)** advised Ron of a job opening with United Airlines at their radio operations center in Oakland. Ron took the position and was soon promoted to station attendant and transferred to Monterey. The new job was much like being the station manager, baggage loader, aircraft fueler, ticket agent, etc, all rolled up in one. Ron really enjoyed the excitement and adventure. Unfortunately, his marriage failed. United Airlines closed the Monterey station and moved it over to the Salinas airport because they were concerned about Japanese air strikes as this was the spring of 1942. He

was also responsible for forecasting the weather in the area for United, which included determining when the fog would roll in or roll out.

promoted again to chief and had the working at all sorts line operations in Bakersfield; Sacramento (near Santa Seattle, Washington the slush, snow and tile area and longed once again. While **Wright, W6EFR**, learned of an available

radio engineer position at **KDON** in Monterey. This was an AM and FM commercial station with a transmitter and antenna on Mount Baldy at the 4000 foot level with a 220-foot tower. Ron took the job and ultimately installed a 'sterba curtain's' antenna system up on the mountain with one side aimed at South America and the other at Europe. He also installed a V beam antenna with 500-foot legs of wire pointed towards Australia.

In 1949, Ron moved to San Francisco and took a job with **KCBS** as their radio engineer for several years. He can recall the **Joe McCarthy** communist hearings as they were considered big news at that time. **KCBS** played music in those days; they were not just a news station. One evening after work, Ron went with the **KCBS** music record librarian to the San
(Continued on page 82) **Ron Panton W6VG**

Celebrating 66 years as an active ham radio club—Since 1937

(Continued from page 81) Ron Panton W6VG

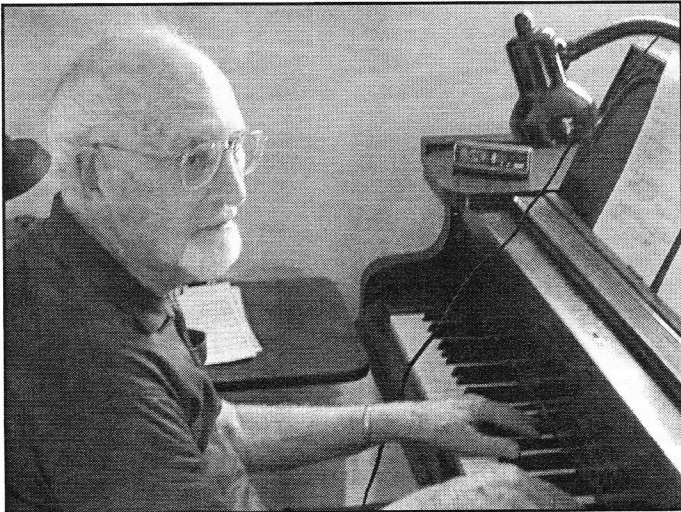

Francisco Opera House to listen to a concert. He met a charming young woman, who was much younger than him, and was smitten by the love bug. He married **Helga** on September 7, 1952. They were able to find their property in Menlo Park through the services of a real estate lady who was the wife of **W6UH** in 1957. They purchased it for the outrageous sum of \$19,500.

It should be noted that Ron has met many people over the radio during

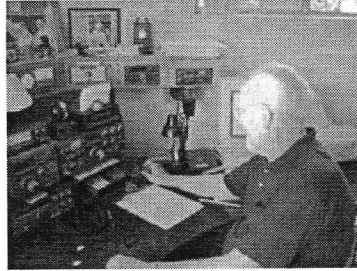

his active ham days and some of those folks are still considered very close. For example, **N6IYU Peter Wolford**, who was a piano tuner during Ron's big band days; **Al Lotze, W6GQA** who later became **W6RQ** (see *note on **W6RQ, (SK)**; **Nubar Tashjian, K6KVX**; and **Bud Bain, W6WB** who has been a ham longer than Ron!! Ron is still an active DXer and checks in on various weekly skeds.

For a short time, Ron left **KCBS** and worked for 'Webster's Antenna's' in Mill Valley. They were famous for the 'band spanner' and made other

types of antennas for Raytheon, RCA, etc. simply putting different names on the product labels. He later returned to **KCBS** and in 1956 he took a job with **SRI** (Stanford Research Institute). Helga can still recall the day that Ron came home from work and announced that he had just quit his job at **KCBS**. It is amazing what triggers our memory. Ron worked at **SRI** as a senior electronics technician until he retired in February 1980 at 65 years of age.

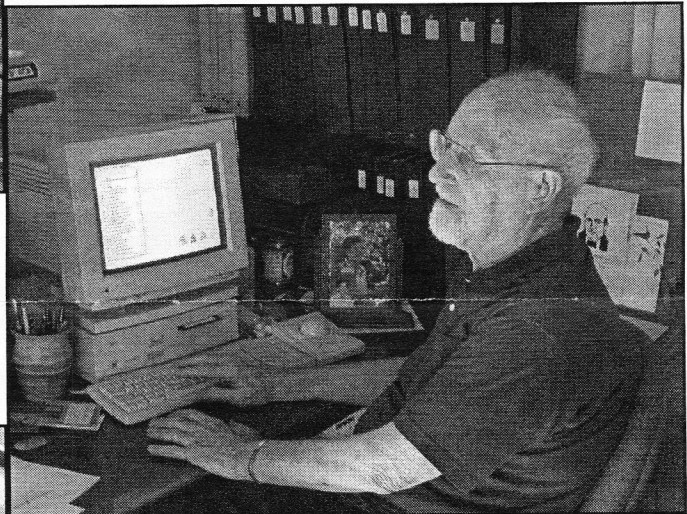

Ron and Helga were the proud parents of a daughter, **Siri**, in September 1955, and a son, **Neil** in January 1957. Tragedy struck their family in July 2001 when Siri was critically injured in a horrible automobile crash near

Santa Cruz. Siri stayed alive in a vegetative state until May 12, 2003. Ron and Helga have been emotionally devastated as a result of their loss. I know that they have many friends, family members, ham radio voices and the members of **PAARA** who support them and wish them condolences. We are all so sorry for your loss.

Neil Panton followed in his father's footsteps and is a classical musician; writes music; tunes pianos; plays in a band and is instrumental in providing music for various TV & movie documentaries. He lives in the bay area with his attorney significant other.

While Ron was working at **SRI**, he had the opportunity to help build the large dish antenna located at the Stanford University site. He assisted in the actual wiring of the mesh portion of the antenna. He also spent considerable time serving on the secret research vessel, 'Acania', which traveled to such places as south of Easter Island on projects. He also visited Guam, Peru, Alaska, Japan & Scotland.

Ron earned his extra class license in 1960 and was issued **W6VG**. He joined **PAARA** in 1957 and can recall that the President of the club at that time was a blind man who made CW training records. This person also had a personal agenda involving the **ARRL** at the time, so Ron quit the club temporarily due to their political differences. However, he was back soon and became very active in DX circles. So much so, that today he is still the **Secretary of the Northern California DX Club** and has been for about twenty years. He has won the coveted **DXer of the Year Award** and has confirmed 220 countries. He currently uses a Kenwood 830 and Kenwood 430 and his favorite band is still 15 meters CW.

The most fascinating part of **Ron, W6VG** is his remarkable ability to make music. He can actually compose new music with the use of his computer, grand piano and electronic piano. He arranges the scores, plays the music and provides printed sheet music of his work. It is absolutely incredible. Ron is clearly an accomplished piano and trumpet player. He has used his knowledge of computers to arrange, create and produce his own music and play other works.

This member of **PAARA** is really an interesting person. You must make a point of speaking with him at a **PAARA** meeting. What an incredible journey of life Ron has had to date. Ron, we commend you and we are glad that you are one of the **PAARA** active members.

~Terry Finn. AF6TF.

*NOTE: **W6RQ (SK)** Al Lotze has had his call re-issued. The new extra class operator that is using it is our very own **PAARA** member **AE6EJ, Curt Kolovson**.

New Member Profile

SISTER TONY, KG6RVS

On June 26, 2003, **Sister Tony** earned her technician license and was issued call sign **KG6RVS**. Her personal goal and dream to become a ham radio operator came to pass and it only took fifty years!! She is absolutely delighted, thrilled and thankful to the PAARA members who helped her attain this coveted, special license and ability.

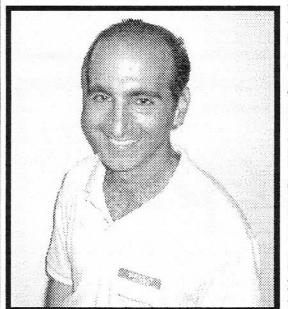

Sister Tony is a member of the Dominican Order, Dominican Sisters of Mission San Jose who have provided their service for 125 years in San Jose. Sister Tony has been with the Catholic religious schools for 47 years and has been an elementary teacher for 45 years. She has recently retired and now has a little bit more time for herself.

PAARA members **Stan Towle, WA6ZGI** and **Mike Gavin, W6WZ** were visiting the Mission San Jose location of the Dominican Sisters one day for lunch. (Stan has been going there for 40 years to visit his good friend and former school teacher who lives in that facility). While they were talking together at the lunch table they spoke with Sister Tony who was at the next table. During their conversation, when they introduced themselves, Sister Tony (through some type of divine intervention or guidance) stated, 'Oh, sure, you are **WA6ZGI Stan** and **W6WZ Mike**. I have been listening to you for years on my radio scanner!' 'I have always wanted to become a ham radio operator.'

Needless to say, it did not take long for these two fine PAARA members to help Sister Tony learn the material and qualify for her license test. They are now her official elmers along with PAARA member **Bob Strand, K6RKS** who has purchased an ICOM 2100, power supply & ventenna style antenna which will be installed on the Dominican Sisters Mother House in San Jose. **Stan WA6ZGI**, made sure the Sister became a member of PAARA.

The best vision is insight. Malcolm S. Forbs

New Member Profile

PAUL JEMELIAN, KG6JLE.

One of our newest members, a rather quiet and reserved person, is **Paul Jemelian, KG6JLE**, a general class licensee who earned his call sign in January 2002. His current radio interests include DX'ing and satellite communications. His 'Elmer' is his father in law, **Sig Lackner, KC6UXX**, of Monterey. It was Sig who gave Paul a ham study guide and a two meter rig for a Christmas present one year. Paul has been hooked on the hobby since then. At the

July 11th meeting, after signing up as a new PAARA member, Paul proceeded to win both 1st and 2nd prizes in the PAARA Raffle

Paul is originally from the Atherton, Menlo Park area where he attended school at the Woodside Priory School. He later graduated from U.C. Berkeley with a B.Sc. in molecular biology and then earned a M.Sc. in molecular biology from Stanford University. Paul was then accepted at Loyola University in Chicago where he earned his M.D. degree. Paul completed his internship and residency at the UCLA Medical Center and now operates his internal medicine practice in San Mateo.

Please welcome Dr. Jemelian to our PAARA group. In fact, when you meet him, you may call him **Paul** or **KG6JLE**. We are so happy to have another medical professional in our club. You never know what might happen during our exciting meetings or radio events!!

~Terry Finn, AF6TF.

New Member Profile

TINY GEHRKE, KT6YL and ON4CAT.

Many of us who attended a recent PAARA meeting had the opportunity of meeting **Tiny, KT6YL**, as she and her husband, **Kevin Gehrke, KG6D**, presented a rather interesting program.

Ms. Tiny Gehrke was born and raised in Belgium. She met her husband over the air through ham radio. She claims that it was love at first sound, rather than love at first sight!! She believes that amateur radio has completely changed her life.

Tiny took her American license tests (novice, technician & general) on the American Army base in Wiesbaden, Germany, in 1992. In March 1993 she returned to complete the 13 wpm code test and also became a VE so she could assist at other test sessions in Bitburg, Germany. She subsequently was issued call **ON9CYL** from Belgium. (the 9 in the call designated her license was based on a foreign license). In 1995 she earned her Belgium license through testing and

was issued call **ON4CAT**.

Tiny was accepted into the Belgium contest team of OTxA and became one of the SSB operators in all CQWW and WPX contests from 1997 through 2001. In 1998 she was invited to Libya by **5A1A**. She became the first YL operator there in 35 years and was happy to provide the world a new YL-DXCC. She spent ten days there on a DX -pedition and used the call **5A21PA**. That DX-pedition was sponsored by **K1WY**, who founded the K1WY-DX-Association and Tiny has been with the QSL cards for that group ever since.

Tiny went to Iceland for another DX-pedition with two friends from Germany and Luxembourg. They were on Flatey Island using the call **TF4RX** and had been assisted by her friend **Gulli, TF8GX**. She has been president of the BYLC (Belgian Young Ladies Club) and has operated from several special event stations like: **ON4CLM** (Canadian Liberation March), **ON4BRN** (Belgium Royal Navy), **ON4ESC** (Euro Space Center), etc. Tiny currently has 250 DXCC countries confirmed with her ON call and is starting all over again with her new California call sign.

Tiny lives in Manteca with her two spoiled dogs and one spoiled ham husband.

Please welcome **Tiny** to our exciting ham radio association.

KEVIN GEHRKE, KG6D.

Kevin Gehrke was born in Colorado Springs, Colorado, but grew up in Fremont, California. He was first licensed in 1997 and has worked his way up the licensing ladder where he earned his extra class in 1998. He lives in Manteca now with his wife **Tiny, KT6YL** and their two dogs. His professional life involves computers, specifically as a technical support and software engineer.

In October of 2001, Kevin made a 10m SSB contact with **OQ4CAT**, a special event station being operated by **ON4CAT**. It did not take long for Kevin to actually meet with that operator in both Belgium and in the U.S. The love bug had bitten and **Tiny, ON4CAT** moved to California. They were married

on August 7, 2002.

Kevin enjoys DX and has worked & confirmed 304 counties. He shares his shack with Tiny where they operate an Icom 756, Yaesu 990 and a Force 12 C4 Yagi on a 55 foot crank up tower.

You may recall that Kevin and his wife Tiny presented a rather interesting informational seminar at a recent PAARA meeting.

Please welcome **Kevin, KG6D**, to our PAARA meetings and events.

~Terry Finn, AF6TF.

**Attention Members and Visitors:
 Raffle Prizes
 for the September 5th PAARA Meeting:**

*Note: 16 Radios are in the hands of fellow "Hams."
 Thanks to you and the PAARA Raffle! On July 11, 2003
 Paul Jemelian KG6JLE joined PAARA and THEN won
 1st and 2nd Raffle prizes! He is now a proud owner of a
 TM 261A Kenwood 2m/Mobile Transceiver AND an
 Icom IC V8/2m/5.5W/HT.

The PAARA Raffle is FULL of SURPRISES and
 YOUR LUCKY DAY may be September 5th.

**THREE RADIOS + Two FOURTH place
 PRIZES + BONUS PRIZE**

Come try your hand at winning the:

FIRST PRIZE, Yaesu VX-150,
 2 meter, 5W, HT

SECOND PRIZE: Icom IC-T2H,
 2 meter 6W, HT

THIRD PRIZE, Grundig FR-200
 Emergency Radio, AM/FM/SW.

Don't forget about the TWO / FOURTH place raffle
 prizes plus a Bonus Prize of a 1 year subscription to
WORLD RADIO. Enjoy our fabulous speakers, free re-
 freshments, chatting with your friends, and the chance to
 take home an unbelievable prize. See you at Round Ta-
 ble after the meeting! Kyle and I are having a lot of fun.
 THANKS AGAIN FOR MAKING THE MEETINGS
 VERY EXCITING!

PAARAgaphs Ad Rates

PAARAgaphs accepts paid advertisements from non-members.
 (short personal ads remain free for members in good standing).

All ad rates listed are per issue only.

1. Not for profit ads by association members for ham-related items and wants. No cost for business card size ads (additional space at \$2.50 per business card size).
2. For Profit organizations and/or individuals: \$5-business card size, \$25-half page, \$50 full page or back cover.

These fees may be reduced or waived in exchange for a valuable consideration that is given to the Association or its general membership. Such consideration must be in addition to any existing arrangements with the association.

The PAARAgaphs editors reserve the right to reject any ad deemed to be not in the best interest of the Association. All fees payable in advance by the year with "scanner-ready" copy or text-only ads. Give payment and copy to Bob Korte

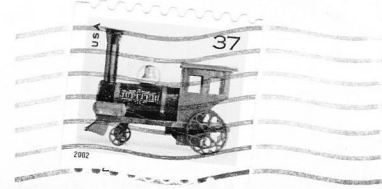

PAARA · Palo Alto Amateur Radio Association · P.O. Box 911, Menlo Park, California 940260911
